

DISCHARGE OF ONE JOINT DEBTOR

Applicable Law and Rules

See the instructions for Form 18J for a discussion of the law and rules which apply to both Form 18J and Form 18JO.

General Information for the Clerk

This form may be used when only one of the debtors in a joint case is discharged. This can occur if the other debtor is dismissed from the case, converts to another chapter, signs a waiver of discharge, or is denied discharge.

Form 18J may be used for the discharge of two joint chapter 7 debtors. Official Form 18 is used for the discharge in a chapter 7 case filed by an individual debtor. See the instructions for Form 18J for additional information for the clerk.
